SAHIL KRISHNA CB

FULL-STACK DEVELOPER

sahilkrishnacb@gmail.com +91 6238617705 www.linkedin.com/in/sahil-krishna-cb

SUMMARY

Full-stack developer with hands-on experience building web and mobile apps using React.js, Next.js, and React Native. I also work on the backend: REST API design with Node.js and Express.js, database management with MongoDB and PostgreSQL, and cloud deployment on AWS. I have taken projects from concept to deployment, including a live client project in Dubai and an e-commerce platform on the MERN stack.

WORK EXPERIENCE

Devxtra
Full-Stack Development Training (June 2025)
Covered system design, database modelling, and full-stack development with React.js, Node.js, Express.js, and MongoDB, including deploying the applications built during the program.

CK Creatives (90 Days)
Intern
Developed a CRM system and an Android e-commerce app during a 3-month internship. Also worked on Shopify websites and on UI/UX design for web and mobile, and gained hands-on experience building and improving client-facing products

PROJECTS

•**Defensply Website (Live) -**Built and launched the company website for a wooden door production business, showing its product range and giving customers a way to get in touch. Live in production

•**Idanazhi Resort Website(Live)-** Developed the website for a resort focused on destination weddings built around Kerala traditions. Designed the pages to present the venue, wedding offerings and enquiries clearly on mobile and desktop.

Skillverse (College Project) - Built a learning platform where students can upskill on their own through tutoring and structured learning, with AI career guidance powered by Grok AI that suggests career paths and Ai Assesment test.
